

## YOUR DATA IS OUR CONCERN

NEWPORT COMPUTERS provides **secure, flexible data erasure** as part of our computer recycling and asset recovery services. Our suite of Data Destruction Services includes:

### SOFTWARE OVERWRITE:

- Data Overwrite: Newport's **neat®2.0** sanitizes to DoD 5220-22.M; NIST 800-88 Standards
- Tests drive worthiness and captures configuration
- Fingerprints each drive with sanitation verification date/time stamp confirmation

### DRIVE/MEDIA DEGAUSSING:

- Completely removes all data through high energy magnetic exposure
- Renders drive useless
- Meets HIPAA Standard

### HARD DRIVE SHREDDING:

- Shreds up to 100 to 200 drives per hour
- Mobile, 1.5 HP, quiet, self-contained
- Maximum particle shred width 1 1/2"
- Shreds Hard Drives, CD/DVDs, FDD, phones

### **Pick the Data Destruction Service that meets your business' needs:**

- All services provided onsite at customer's location or off-site
- Complete serialized report and compliant disposition of end product
- Certificates of Destruction for all lots processed

### **Who we are:**

- In business since 1994
- ISO 9001, 14001, OHSAS 18001 and e-Stewards Certified
- \$10M in environmental and \$5M in cyber and E&O liability insurance
