

Wishing you a Safe and Happy Diwali

Celebrate an Environmentally Safe Diwali and bring a smile to the Elderly and less privileged

Newport (India) and HelpAge Announce Joint Program

As Diwali approaches and all of us get upbeat in the festive mood. During the "Festival of Lights" it is imperative not to forget our commitment to the society as responsible citizens. Let's spare a thought for the environment. *In the spirit of 'Green Diwali', HelpAge and Newport Computers would like to announce their new joint program.*

HelpAge and Newport would like your support, to help mitigate the suffering of the elderly and bring a smile on their faces. We are requesting Individuals and Corporations to donate their used computers and other electronic equipment as a part of their CSR program. ***Everyone wins; you can safely and responsibly get rid of your used electronics while helping the elderly and less fortunate!***

Newport is an authorized re-processor of E-waste and will ensure that the used / obsolete electronic equipment will be processed in an environmentally friendly manner compliant with all local, state and central pollution control laws.

Part of the proceeds from the compliant disposal of e-waste will be used by HelpAge India for the support of its ongoing projects. The amount received will be utilized for any of the following causes

- Cataract Operations with Intra Ocular Lenses
- Mobile Medicare Unit
- Elders Helpline
- Physiotherapy Centre

You can also directly support HelpAge for any of their efforts. Donation to HelpAge India is 100% tax exempt under Section 35AC and 80GGA of Income Tax. We will be happy to provide you with any other clarification.

Newport specializes in the responsible disposal and recycling of leased, used or obsolete computer and electronic equipment. All equipment that Newport receives is thoroughly audited and tested. The data contained on each asset is always destroyed using DoD 5220.22-M and NIST 800-88 compliant methods, ensuring your privacy, security and peace of mind. Serialized asset tracking and customizable reporting from our proprietary software platform ensure our customers of start-to-finish transparency.

Defective and obsolete items are disposed of in an environmentally responsible way – never dumped in landfills.

The primary goal of Newport is to increase the number of high-quality, low-cost PCs and related parts and accessories available to educational institutions, small businesses and other users. This benefits the environment by helping to prevent the premature disposal of PCs and ac-

"To work for the cause and care of
disadvantaged older persons and
to improve their quality of life."**

cessories that could be reused and helps bridge the large digital divide that exists in a country of over a billion people.

HelpAge India is a secular, not-for-profit organization registered under the Societies' Registration Act of 1860. We were established in 1978, and since then, have been raising resources to protect the rights of India's elderly and provide relief to them through various interventions.

In many cities, our elder helplines (1253) have been working to address the loneliness and neglect of elders. The plan is to introduce Age Care to many new locations. Physiotherapy Centers have been set up in Shimla, Dehradun, Kolkata, among many other locations. The scope of medical care has expanded tremendously, moving from basic health care to other specific areas of age care.
